

Koons of Silver Spring Bethesda Premier Cup

Application to Use Guest Players

This application **MUST** be received by November 6th and be accompanied with a copy of your approved State roster (either USYSA or U.S. Club). Teams *requesting* to use guest players may have no more than the following players present at the tournament, whose numbers may include up to 3 guest players: U9, U10 (7v7) rosters with guest players cannot exceed 14. U11, U12 (9v9) rosters with guest players cannot exceed 16. U13-U19 teams cannot have more than 22 players present at the tournament. Any team requesting the use of guest players will be required to submit those players in writing on this form and will **be subject to approval by the Tournament Director**. Please note that guest players are only approved based on a team in the tournament not having sufficient numbers to compete and will not be used as a way to drastically alter their tournament roster or as a vehicle for try-outs or recruitment. In addition, no player can be considered a guest player if their primary carded team is participating in the tournament. Please Note: U9-U19 rostered players may play for other teams within the same club without needing guest player approval! Players can **ONLY** be rostered and play on 1 team during a tournament weekend. All forms should be considered approved unless you are contacted back by the Tournament Director.
